

製品リスト

Market Specific Capabilities

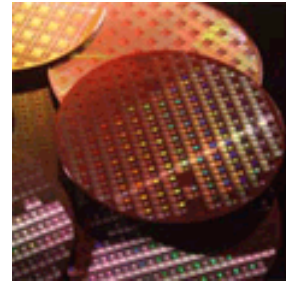

Defense and Aerospace

- Seasoned Supplier
- Expertise in RLG mirrors and frames
- Polish SiC Mirrors
- Precision Laser Mirrors
- Super Polished Substrates
- Mirror & Beamsplitter Coatings

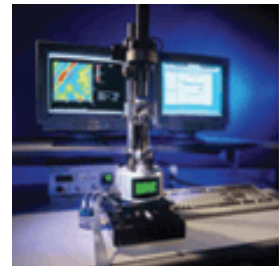

Semiconductor

- Leading supplier to front-end and back-end equipment manufacturers
- Sapphire Windows
- Precision Polished Si Wafers
- UV Optics & Coatings
- Thermally Stable Films
- Dichroic Beamsplitters
- Super-Polished Flats

Metrology

- Preferred Supplier to Metrology Equipment manufacturers
- Certified Test Plates
- Reference Flats
- Surface Blocks
- Polished SiC Standards
- Pyrex, Zerodur, Fused Silica, Aluminum, and SiC Substrates

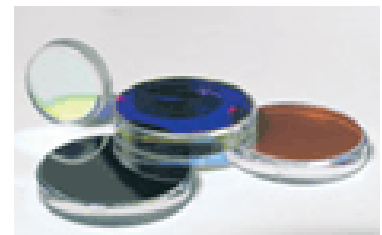

Telecommunications

- Experience Building Various Optical Components for Telecomm
- Beamsplitters
- Contact Bonded Optics
- Polished Si Wafers
- Prisms
- Precision IBS Coatings

Laser Components

- Premier Laser Optics Supplier
- Super-Polished Substrates
- Plano and Spherical Shapes
- High Reflectivity Coatings
- Low Absorption & Low Scatter Films
- Beamsplitters
- Cavity Mirrors
- Turning Mirrors

Medical

- Expertise in Medical Optics and Coatings
- Flow Cells
- Precision Beamsplitters
- Polished Flats
- Laser Mirrors
