**X-Cite® TURBO - Product Discontinuation**

After a successful seven-year run, the time has come to discontinue X-Cite TURBO®. Many channel partners have fully transitioned to the more advanced 9-channel X-Cite NOVEM™ and we need to focus our production resources on increasing capacity of this new line.

There are a limited number of X-Cite TURBO systems available for sale on a first-come, first-serve basis. If you are interested, please contact us as soon as possible. For systems already in the field, X-Cite TURBO Technical Support will continue to be available for a minimum of five years.

For your reference in preparing new quotes, here are the X-Cite NOVEM part numbers which most closely match X-Cite TURBO specifications:

X-Cite TURBO		X-Cite NOVEM-L	
<b>010-00353R</b>	X-Cite TURBO, unit only	<b>010-00496R</b>	X-Cite NOVEM-L, unit only
<b>010-00366R</b>	Including LLG and adaptor	<b>010-00506R</b>	Including LLG and adaptor
<b>010-00410R</b>	Including LLG, adaptor and clean-up filters	<b>010-00504R</b>	Including LLG, adaptor and clean-up filters

Don't forget that the X-Cite NOVEM has several configurations, including options for FURA-2 and IR800 excitation. Learn more on our [website](#) or contact your Account Manager.

If you have any questions about this notice or any X-Cite product, please feel free to speak to your account manager or contact me directly.

Thank you for your continued support of X-Cite products.

Best Regards,

Michelle Gal
