

SUBSYSTEM

Handy Tools

Fiber Checker ▲

- Wavelength: 650 nm
- Range: visibility up to 3 Km
- Universal Connector for testing ST, SC, FC connector
- 2.5 mm to 1.25 mm adaptor for MU, LC connector
- Operating in both CW (Continuous Wave) & Pulse Mode
- Powered by two AAA batteries.
- LED indicator for Power ON and Low Battery.
- Comply with RoHS 6 CE

Power Meter ▲

- Robust & handy design with LED display.
- Precise power measurements for 850 nm / 1310 nm / 1550 nm
- Universal Connector for testing SC, FC connector
- 2.5 mm to 1.25 mm adaptor for MU, LC connector
- Powered by two AAA batteries.
- Comply with RoHS 6 CE

Light Source ▲

- Interchangeable Plug-in module design with LC or SC connector.
- Flexible to change wavelength.
- Supports LC / SC connectors.
- Operates in CW (Continuous Wave) / 270 Hz / 2 KHz
- Powered by two AAA batteries.
- Comply with RoHS 6 CE
