

## SeasonBeam™ - Wide Temperature Range Fiber Laser Isolator

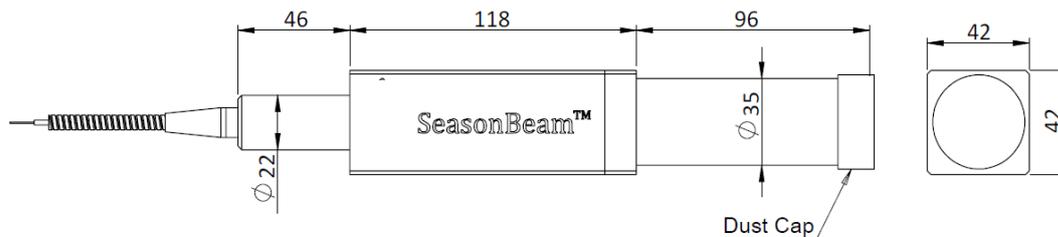

Spec. Review No. SR16363 Date: May.19, 2017

AFR's SeasonBeam™ Isolator proves solution to fiber laser that is required to operate in wide temperature range. With patented design, SeasonBeam™ isolator maintains high isolation in temperature between 0°C and 55°C to ass laser operates well at all environment temperatures. The SeasonBeam™ can be used alone or in combination with AFR's SteadiBeam™ technology for higher power isolators to eliminate thermal lensing effect.
